Email angie.fielder@au.atlascopco.com by **13th September 2017** to reserve entry positions. Entry positions for events will be decided by a "first come, first served" basis. Payment must be received prior to the event, either by cash on the 15th September 2017 at the WASM Club Room from 6:00pm to 7:30pm, or by electronic funds transfer to:

Goldfields Money
Account Name: WA Rockdrill Club
BSB: 806043
Account Number: 139634

Please include your full name as the Reference.

Clarification of successful or non-successful Entry positions will be sent back to entrants no later than 13th September 2017. Interstate participants may enquire about the likelihood of their position prior to this date in order to book flights. In the event that some or all of the events are oversubscribed, unsuccessful participants will be allocated a reserve number. If successful personnel fail to pay their nomination on the 15th of September 2017 at WASM Club

Rooms in cash, their position may be given away by committee members of the WA Rockdrill Club to the next available reserve in attendance on the day. All competitors must provide photo ID when confirming their registration on the day.

Total Prize pool for events exceeds \$14,000

Rules and Regulations

All drillers must wear: closed-in shoes (steel caps optional); glasses; gloves; hearing protection.

All timing is done with two handheld stopwatches, with the qualifying time to be the average of the two times. *Qualifying time in the singles will be the fastest of the two times from the heats. A driller can only qualify once. Any disputes will be handled by the chief judge and their decisions is final.

All drillers start from the front of the stand.

A first false start sends the offender to the rear of the stand.

A second false start by the same driller results in disqualification.

No spitting of steels

No drilling with bridle up

Each driller is responsible for their own air & water to be turned on

Starting steel is to be at a 90 degree angle to the ladder and no more than 1m from machine.

Each driller is required to load and unload their block from the stand.

Briefing will include any updated rules.

SINGLES + NO PUSHERS

Driller/s will start with pitcher steel & drill 300mm then change over to 5ft steel & complete the drill. Steel must hit back plate of stand to be a legitimate time.

Failure to hit back plate is disqualification

*No pusher is as it means – air leg will be removed and a 2 person team will compete as one. Same procedure as singles i.e. Pitcher steel, change over to 5ft steel & complete hole.

Both drillers will start from front of stand.

JACK AND JILL

Jill will start from front of stand

Jack will start from mark 3m behind ladder

Jill picks up pitcher steel, insert into machine and puts bridle down, Jill then runs to Jack & tags him.

Jack picks up machine and drill to 300mm & then completes a steel change. Jack then puts steel back into the block, tags Jill who is behind the ladder at 3meter mark.

Jill then completes the hole through to back plate.

*Jack may be alongside Jill to assist if needed in a dangerous situation.

Jack may not start drilling after steel change is made.

DOUBLES + FOUR MAN TEAM DOUBLES

Driller A starts from front of stand and will drill with 5ft steel, completing hole and withdrawing steel.

Driller A will then carry machine/leg to a mark, 3meter behind ladder and hand off to driller B who will carry machine/leg back to stand and bore a second hole in the same block.

Both holes must have hit the backing plate to be a legitimate drill – holes shall not intersect each other.

*Four man doubles is a random draw –doubles team stay together and all names go into a random draw for partners.

Team A will drill two holes in 1 block as per normal doubles.

Second driller will withdraw steel from block, lay machine down, turn machine off & tag Driller 1 from team B who will then drill 2 holes in second block as per normal doubles.

Doubles rules apply here.

The Veterans competition will be picked from the fastest 4 times from the Singles division for competitors over the age of 65 years old. These fastest 4 competitors will then drill-off for the title.

The head judge has the final say on any decision throughout the competition, which may or may not include grounds for a re-run.

I _____ wish to enter the **Beacon Minerals COOLGARDIE DAY 125th CELEBRATION Rockdrill Championship** on the 17th of September 2017 and compete in the following events (tick events you wish to nominate yourself for).
